TOTAL ADOIT.

If the entry in column 1 is less than the entry in column 2, write "2" is column 3.
 If the "righest Number Previously Poid For" BY THIS SPACE is less than "30", enter "20".
 If the Trighest Number Previously Poid For" BY THIS SPACE is less than "3", enter "3".
 The Trighest Number Previously Poid For" (Total or independent) is the highest number found in the appropriate box is column 1.
